#### **Installation Steps**

Step 2: Reference Drawing Of Blade Installation Position

W: kinder.com.au

**E:** conveyorsolutions@kinder.com.au

#### **Installation Steps**

Step 3: During the installation, put the tip slightly contact the belt surface. And during the test run, draw out the base bolt and turn the screw adjuster to clockwise direction pushing the stud moving upward (please refer to the reference drawing 2 of blade installation position).

Step 4: Correction of the adjustment pressure: (Adjust approximately 3mm upward from the slight contact of belt and tip), please operate as shown by Step 3.

Please refer to the reference drawing 2 of blade installation position.
